During the Covid-19 lockdown, Museveni has put all cities and states on lockdown using Military Curfew to kill people while in his home area of Mbarara, there is no lockdown, and people do not even wear masks. Museveni has created nepotism in all government institutions. With all jobs assigned to his family and tribe, men.

Museveni is using the Covid-19 lockdown secure IMF loans to sponsor his military dictatorship. We have reliable information that Museveni is planning to murder people currently locked in safehouses and claim that they have died of Covid-19. Museveni has purchased minivans to disguise them as Covid-19 ambulances. These minivans will be used for 'Panda Gali' (Swahili word to arresting opposition people). Opposition People will be abducted and murdered by Museveni's special force SFC. Museveni has been using these tricks to kill people since the gorilla war and burning people in mass graves. In 2000 Museveni murdered 778 people and burnt the remains under the disguise of Joseph Kibweteere Ref [8].

Currently, like many dictators such as Gadhafi, Museveni has imported Machineries from Chad, Congo, and Rwanda as a Local defense unit to kill Ugandans, mainly the opposition led by Bobi wine.

## Kasese Massacre of at least 100 people (2016)

In 2016 Museveni ordered Brigadier Peter Elweru massacre at least 100 Bakonjo Tribe in Kasese. Ugandan authorities have failed to investigate the police and military responsible for killing more than 100 people in western Uganda in 2016, Human Rights Watch said today, releasing a video featuring interviews with victims' families. Those killed on November 26 and 27, 2016 in Kasese, home of the Rwenzururu kingdom, included at least 15 children. "Ugandan officials won't even ask why overwhelming lethal force was used that day and why children died, which shows a terrifying disdain for human life," said Maria Burnett, East Africa director at Human Rights Watch. "Security forces shoot, kill, arrest, detain and torture civilians, charge them with serious crimes, such as treason, and yet the government only investigates the civilians, while giving the security forces a free pass to abuse again."

The patterns killings and massacre of Acholi by Museveni and his government have been planned and carefully executed to achieve predetermined objectives of irreparably harming the Acholi society. For many years Museveni lied that Kony was a rebel killing people in Northern Uganda. However, these lies fell through the cracks when Uganda troops along with 100 US special forces went in search of Kony and never found anything. Museveni and his brother Salim Saleh created *KONY PROJECT* to get funds from the US and west.

## Luwero Triangle Genocide (1980-1986)

In the 1980 presidential elections, Museveni was the worst performer with less than 1% vote. After losing the election, Museveni became a rebel and overthrew the government of late Obote 1986. In 1980-1986, during the bush war, Museveni, Massacred 2 million Ugandans. Mostly in Luwero, Gulu, Lira, and Teso.

Even in the bush, he did not have military or local support. He devised a cunning yet criminal trick to use child soldiers, but how did he get these kids battalion of kids average age <13 yrs. He would come at night with his rebel group killing people, mainly parents of kids. He would come back to the homes during the day and tell the kids to join him. Using propaganda that the current government is killing their parents. Lots of kids are forcefully joining his rebel group NRA (National Resistance Army) Ref During the 5yr gorilla war, Museveni killed at least 500,000 People in Luwero Triangle Show video. Another popular rebel leader of the Uganda Freedom Movement (UFM) Andrew Lutaakome Kayiira, had more support from the people and fought against the current government.

After the war, Museveni took power in 1986 and formed a coalition government with the Rebel leader Andrew Lutaakome Kayiira [https://en.wikipedia.org/wiki/Andrew\\_Kayiira](https://en.wikipedia.org/wiki/Andrew_Kayiira). Museveni then killed the Coalition leader Andrew Lutaakome Kayiira on March 9<sup>th</sup>, 1987. Museveni then killed Ugandans, mainly in Northern Uganda Acholi, Lira, Karamoja, Teso, and Buganda.

PRESIDENTIAL candidate Yoweri Museveni has apologised for the death of the 69 men who suffocated to death in a railway goods wagon at Mukura railway station in Kumi district on June 11, 1989.

By Chris Osekeny Jamu PRESIDENTIAL candidate Yoweri Museveni has apologised for the death of the 69 men who suffocated to death in a railway goods wagon at Mukura railway station in Kumi district on June 11, 1989. Museveni made the apology during a campaign rally in Kumi district recently. "I have come to say sorry for the people who died here due to bad politics. There was confusion here. It was difficult to distinguish a friend from an enemy. People were locked in a wagon because there was no prison and they died of suffocation," he said. He explained that the movement had a solution to such bad politics by "amending the destruction of the past and forgetting whatever had happened." He gave an example of Omax Omeda, who he said fought his government but was now a state minister for health. He condemned the Mukura killings by the NRA. He, however, said that Ugandans had a lesson to learn from the incident. He said people should in future prevent such incidents from happening again. He asked the residents to re-elect him, to "amend the country further from bad politics." "I want to empower and transform Uganda from backwardness," he said. Over 500 people, who crossed from other camps to Museveni's, were introduced by Kumi boss hajji Umar Okodel. Ends
